

TINO ENGEL PRESENTS

VIRTUALLY BOOST YOUR TEAM SPIRIT. **PLAYFULLY!**

THE VIRTUAL TEAM EVENT

Are you looking for a new way to experience something special as a team in virtual space? Something that boosts the motivation, cohesion, and enthusiasm in your team?

WELCOME TO THE POKER TABLE!

Travel to a fascinating place...

Step into the fascinating world of cards and chips, risks and opportunities, players and people.

Learn about yourself and the people on your team. Playfully and thrillingly. Grow together as a team under the safe guidance by a former poker professional and business trainer.

In addition, get ready to pick up impulses on topics such as decision-making, dealing with uncertainty, risk, agile mindset, and self-efficacy. Impulses from which you will benefit not only in poker but especially in business and life.

And above all: have fun!

Wrapped into little stories and anecdotes. Combined with sound effects, music, and surprising graphic elements. All with one goal in mind. Open the doors to an intense experience as a team packed with (inter)action that will boost your energy level and stick to your memory for a long time! And that's not a bluff!

Details

- Ideal as a team event, kick-off, or incentive.
- No software download is necessary (only Zoom or MS Teams).
- Maximum live feeling as you will sit at a real poker table and your cards will be streamed directly to your smartphone. Hence, you'll hold your cards literally "in your hands".
- Intense atmosphere thanks to a combination of music, sound effects, graphical elements, and zoom effects.
- The number of participants can be freely selected between 5 and 15 players (with 6+ players the game is played in teams of two or three).

Hello, my name is Tino Engel,

And I find my personal wealth in supporting people and teams in opening new doors. To enter new "playing fields" and to discover new opportunities.

Just like you, I know that a good and productive Team atmosphere does not happen by accident. It's rather the result of mutual appreciation, empathy, change of perspective, clarity, and reflection.

Accompanying teams on this part drives me. Pushed by my passion for communication and psychology, for poker, improvisational theatre, and "Learning by playing" in the broadest sense.

Always focussing on first-hand experience and practice rather than overwhelming theoretical sessions. And always the advancement of the Teams in mind. That is my personal definition of success.

Or, to say it with Jim Carrey:
"The influence you have on others is the most valuable currency there is. "

With this in mind - I look forward to meeting you!
