Individual and diverse offers

Wine and italian specialities

At Donati Vini you will find selected wines from small to medium-sized companies that we know personally from all of Italy's wine-growing regions. The uniqueness of the wines is very important to us and has characterized our wine shop since the beginning of 1971. We know all of our wines and the producers.

At our vinoteca, you will also find grappa, olive oils, balsamic vinegar, groceries, gift ideas and much more. All wines and products in our range have been personally selected and tested by us.
